[illegible]

Taking on responsibility within your school is a part of earning your black belt the same way as passing a test on the drills and forms. Things like helping to instruct lower belts, helping with testing, or helping to set up, tear down the in-house tournament. These jobs all give you knowledge you will need to be a good Black Belt. There are no points given for these things. Some things are done for something other than monetary or personal gain to give them value.

Points can be earned in the following ways: 1 point for each event at a non-class, **non-Qualifier** tournament(competing)-4 point max. 4 pt max for **working** or working/competing **entire** event. One point for any clinic or demonstration less than 2 hours in length, 2 points for any clinic or demonstration 2 hours or more, 1 point for enrolling in the summer session, 1 point for missing less than 3 classes during the summer session. **(You cannot use summer session for points AND time-in-grade requirement. You must choose one or the other).** **In-House tournament 1 point for competing in 1or 2 events, 2 points for 3-4 events, 3 points for 5 or more events. 3 points for working and/or competing in the entire event.** For points received for **AAU Qualifier events** see examples of possible AAU points at the end of or attached to this form.

"Committing" to assist with the Kid's classes can earn 1 or 2 points. Commitment must be made prior to class identifying the classes you will be assisting with. A minimum of 6 classes is required for 1 point. Missing less than 3 classes is required for 2 points. The classes must all be in one session and one night (Wed or Thurs).
